Course content in his lectures are laid out well and easy to follow if you missed the lecture or are looking back on the notes. His assignment expectations are also clear and easy to follow.

Good

Good teaching but hard quizzes

He's good

I consider the instructor to be very straightforward and honest from the beginning, and to be very knowledgeable about the subject matter.

Teaching by all the instructors is very good. The only problem is online classes. The connection between teachers and students is cut off.

The professor really takes time to explain key concept which i find very fascinating and after each concept he visualize what he talked for clear understanding. he also keeps to time .

The quizzes are quite hard
